Professional Services

**Online Resources for University of Southampton Staff**

**Development and Alumni Relations**  
 The Office of Development & Alumni Relations' (ODAR) mission is to develop mutually beneficial, lifelong relationships with key constituents in order to increase support for the University, financial and otherwise. These constituents include students (our 'alumni in residence'), alumni and supporters of the University, members of the community, and philanthropic entities of all types.

- Alumni Relations
- Fundraising
- Data and Analytics
- ODAR Toolkit

**Communications and Marketing**  
 Communications and Marketing helps the University manage its reputation and brand, and to communicate its aims and achievements to a variety of stakeholder groups globally, nationally, regionally, locally and internally.

**Centre for Innovation in Technologies and Education (CITE)**  
 CITE brings together teams from across the university with expertise in technology enhanced learning. Its remit is to strategically lead, connect and foster cross-institutional initiatives and best practice, enabling faculties to engage with a central resource for new ideas as well as institutional, national and international drivers. We aim to provide academic and support staff with advice and assistance to help them make effective use of learning technologies. We have a broad knowledge of the systems available within the University, but also an understanding of how they can be used educationally, so we can help you choose appropriate solutions.

**Corporate Services**  
 Corporate Services supports the strategic aims of the University through the provision of advice on legal and governance issues, maintenance of the University calendar and arrangement of research sponsorship for eligible research projects.
