Third (Final) Circular

Lattice 2016: The 34th International Symposium on Lattice Field Theory
http://www.southampton.ac.uk/lattice2016/

This is the final circular for Lattice 2016 bringing together key practical information for participants. More details can be found on the conference website http://www.southampton.ac.uk/lattice2016/

Travel Information

Getting to Southampton: Detailed travel information can be found on http://www.southampton.ac.uk/lattice2016/travel-information/.

If you arrive at Heathrow or Gatwick Airport and are travelling in a group (so that you can share the cost), then you may consider using the shuttle company English Rose Collection http://www.englishrosecollection.co.uk/. The driver will pick you up at arrivals and take you straight to your destination in Southampton.

Venues and Maps: A map of the principal conference venues can be found on http://www.southampton.ac.uk/lattice2016/venues/.

For participants who are staying in the Glen Eyre Halls, there is a link to a walking map with directions to the conference site https://goo.gl/maps/t6LB5tKqsfC2 .

Getting around Southampton: There is a hub for unilink buses on campus adjacent to the conference site. These can take you to the City Centre, Southampton Airport, Southampton Airport Parkway Station, Southampton Central Station and the Glen Eyre Halls of Residence. For network maps and timetables see the conference website http://www.southampton.ac.uk/lattice2016/getting-around/ .

Glen Eyre Halls: If you are travelling to the Glen Eyre Halls by car or taxi, the address is:

Glen Eyre Halls of Residence (Main Reception), Glen Eyre Road, Bassett, Southampton, SO16 3UF.

Please note that the bedroom accommodation will be on the other side of the complex from the Reception area. If you arrive by taxi with heavy luggage, then you may wish to ask the taxi to wait while you collect your key and then to drive you to your accommodation. Although the usual check in time is 15.00, we have arranged for early check in, so participants can arrive any time. You are asked to vacate your bedroom by 9:30am on the day of departure and ensure that your key is returned to reception. A charge of £25 per key is made for any missing / lost keys.

The telephone number for the 24-Hour Reception at Glen Eyre is +44 (0)2380 595975.

Breakfast for participants staying at the Glen Eyre Halls will be served on Campus, in the Garden Court, Building 40 between 7.30 and 8.45 on Monday-Saturday and between 8.30 and 10.00 on Sundays.

The Scientific and Social Programme

Welcome Reception: The Welcome Reception will be held in the Hartley Suite (Building 38) on Sunday, July 24th from 18:00 until 21:00.

Registration: The registration desk will be open during the Welcome Reception and from 8.00 on Monday 25th July. For participants who arrive later, registration will be possible at the Conference Reception Desk in the Hartley Room, Building 38.

Timetable of Talks: The scientific programme starts at 9.00 on Monday 25th July. A full timetable of plenary and parallel talks can be found on the conference website under the "programme" tab.

The plenary talks will be held in Building 32 (EEE Building). The lecture theatre can accommodate all participants, but it will be very tight. For your comfort there will be a two-way AV broadcast to the neighbouring building 67 (Nightingale Building), with the opportunity of asking questions from either lecture theatre.

Information for plenary and parallel speakers: Plenary speakers have been advised of the time reserved for their talk. Talks in the parallel sessions are 15 minutes plus 5 minutes for discussion. The talks are synchronized across all the parallel sessions and it is therefore essential for the success of the parallel programme that speakers keep to the allocated time.

Conference laptops with projectors will be used in all the sessions. Please prepare your presentation in Adobe Portable Document Format (.pdf) or Microsoft PowerPoint Format (.ppt, .pptx). No other formats can be supported.

You are required to upload your presentation via the Indico system at least one hour prior to the start of your session. There is a "My contributions" tab in the menu after logging-in. Please select this tab and click the "View" link. Click the symbol next to "files" and then in the pop-up window click on "Add Files" to upload your presentation.

Poster Session: As is traditional at the Lattice Conferences, there will be a poster session in Building 38 between 19.00 and 21.00 on Tuesday 26th July. Drinks and a light supper will be available.

Posters should be in A0 portrait format (841 mm wide, 1189 mm high) or smaller. You must print out your poster before leaving for the conference and bring it with you. Please note that there are no printing facilities at the conference venue.

Each poster will be assigned a number and you are asked to attach your poster to the board with the corresponding number (pins will be provided). The poster number is the abstract ID which you can find on Indico after logging in and selecting "My contributions". Posters can be displayed from 12:00 on Tuesday 26th July to 11:30 on Thursday 28th July. Presenters who receive even numbers should be at their posters for discussions from 19:00 to 20:00, while those who receive odd numbers should be present at their posters from 20:00 to 21:00. Poster presenters are also requested to upload their presentation via the Indico system before the beginning of the conference. The upload procedure is the same as that for plenary and parallel speakers.

Other Information

Connecting to the Internet: Users of eduroam can access the internet using the login details from their home institutions. Other participants should register using the Wi-Fi network "WiFi Guest".

Meeting Rooms: A number of rooms for private discussions or collaboration meetings are available. They can be reserved at the Conference Reception Desk.

Conference Banquet: The conference banquet will be held at St Mary's Stadium, home of Southampton Football Club, at 7pm on Thursday 28th July. Transport to and from the venue will be provided.

Excursions – 27th July: Details concerning the departure of buses for each of the two excursions will be provided at the conference.

Welcome for Accompanying Persons: Sarah Flynn, Amalia Galdo (Jüttner) and Irena Sachrajda warmly invite all accompanying persons to meet each other at 10.00am on Monday July 25th in the Hartley Lounge, Building 38, to discuss local tourist attractions and to raise any questions they may have. Refreshments will be served.

Local Restaurants: A partial list of local cafes, restaurants and pubs can be found on http://www.southampton.ac.uk/lattice2016/cafes-pubs-and-restaurants/. You might also wish to explore Winchester, the first capital of England, with its beautiful 11th -century cathedral and many historic buildings. Winchester is 12 miles north of Southampton and readily reachable by train (from Southampton Airport Station) or bus (see the links on http://www.southampton.ac.uk/lattice2016/getting-around/). A list of restaurants in Winchester is included in the above.

Weather: The average high/low temperatures in Southampton in July are 22°C/14°C (72°F/57°F) but you should be aware that the standard deviation is large. You should certainly bring protection against rain (we can confidently predict that there will be between 0 and 7 rainy days during the conference).

UK Emergency Number: In the UK 999 is the emergency number for police, ambulance, fire brigade, coastguard, cliff rescue, mountain rescue, cave rescue, etc. This number should be used only when urgent attendance by the emergency services is required – for example someone is seriously ill or injured, or a crime is in progress.

Calls are free, and 999 can be dialled from a locked mobile phone.

Contact Information: lattice2016@soton.ac.uk (during working hours).

We trust and hope that you will have a fruitful and enjoyable stay in Southampton,

We look forward very much to seeing you in Southampton

Lattice 2016 Local Organizing Committee:

Gert Aarts (Swansea University)
Jonathan Flynn (University of Southampton)
Andreas Jüttner (University of Southampton)
Kurt Langfeld (Plymouth University & University of Liverpool)
Biagio Lucini (Swansea University)
Antonio Rago (Plymouth University)
Christopher Sachrajda (University of Southampton)
Mike Teper (University of Oxford)
Christopher Thomas (University of Cambridge)
Matthew Wingate (University of Cambridge)
