Portus Archaeological Excavations 2015

Dear GP:

The person presenting this letter has been selected to take part in an important archaeological training project in Italy this summer run by the University of Southampton. Under new Health and Safety legislation in Italy participation in archaeological projects is only allowed if the person concerned has specified medical certification. I would be most grateful if you could provide that certification on the form below after running the specified tests.

Many thanks for your help in this rather onerous process.

Yours Sincerely,

A handwritten signature in black ink, consisting of several overlapping loops and lines, positioned below the text 'Yours Sincerely,'.

Professor Simon Keay
Director of the Portus Excavations
University of Southampton

Portus Archaeological Excavations 2015

Statement

I, the undersigned, do certify that has undergone the following tests:

ECG test (Electro-Cardiogram): (Date)

A Peak-Flow test (Spirometria): (Date)

Anti-tetanus injection/recent booster: (Date)

Furthermore, I certify that to the best of my knowledge that he/she is in sound health and is fit enough to work on an archaeological excavation.

Signed:
